

think fresh!™

Are you thirsty for change?

Our Latest Environmentally & Socially Friendly Products

- The Rainforest Alliance works to conserve biodiversity and ensure the sustainability of our planet
- Its Certified Seal of Approval lets consumers know they're buying a product that has been grown or made sustainably
- These newly certified FLAVIA® coffees bear this seal proudly!

NEW! Rainforest Alliance Certified Coffees

Demand for sustainability is steadily growing...and FLAVIA® is committed to bringing responsibly developed products & services to the global marketplace.

A proud partner in your sustainability commitment

- FLAVIA® C400 uses leading-edge technology to save water and energy, heating only the water needed to make a few drinks at a time
- 30% of FLAVIA® drinks come from certified sustainable sources
- Our Filterpack rail is made of material that is fully recyclable
- FLAVIA® Filterpacks have been redesigned – they're only 0.1 mil thick and weigh just 0.8 oz, representing less waste than a bottle cap
